

# Closing Remarks

- Unresolved issues brought up during the meeting
- Timeline and expectations for CAR reporting
- Reporting on technical skill attainment
- Parameters for revising definitions, measures, and performance levels

# Reporting on Technical Skill Attainment

$$\frac{\text{Number of tests passed}}{\text{Number of tests taken}}$$

# Revising Definitions, Measures, and Performance Levels

<b>Unanticipated Circumstances used in Current Years</b>	<b>Unanticipated Circumstances used in Future Years</b>
	Methodological changes in the way the State collects data, such as State-mandated changes in data-gathering methodologies, or changes in measures of academic achievement
Significant shifts in population	
Economic changes such as spiraling unemployment rates	
Natural disasters that close programs for significant periods of time
