

Purpose of the Virtual DQI

Assist states to further develop their Perkins IV accountability systems by—

- Identifying practical approaches and resources for implementing technical skill assessments.
- Gaining information and resources on special accountability topics, such as UI record matching and tech prep definitions and measures.
- Developing plans for implementing technical skill assessments in more program areas for more students.

Format for Day One

- Webcast format for sessions until 2:30pm
- Webinar format for sessions between 2:45pm and 4:30 pm
- Planning time for Mountain, Pacific, and Hawaiian states beginning at 4:30 pm
 - These states complete a “feedback form” after their planning time and e-mail it to: Lisa.Harvey@ed.gov

Format for Day Two

- Planning time for Eastern and Central beginning at 9:00 am
 - These states complete a “feedback form” after their planning time and e-mail it to: Lisa.Harvey@ed.gov
- Webinar format for sessions beginning at 1:00 pm
- Three Webinar strands are repeated, along with a final closing session at 3:00 pm
