

Negotiating and Reporting Dates for Perkins IV

There are a number of things happening concurrently, negotiations on performance levels (FAUPLS), reporting on negotiated levels (CAR), submission of State Plans¹ (Transition and 5 year) and annual submission of State Applications (April each year). Each of these along with the State Plan Guidelines and the Non-regulation guidance include due dates and timelines. In an effort to have a more complete list of dates and requirements we are providing a table of dates and timelines.
