- Or go to <http://EDStream.ed.gov> and select “2013 Virtual Data Quality Institute (Day 1).”

Internal State Meetings

The last session on the first day (June 27) is set aside for state teams to meet—in person or virtually—and discuss their research and evaluation priorities and strategies. DATE encourages state and local partners to meet and participate in the DQI together to facilitate discussion and planning. States will determine whether to hold their internal state meetings in person or via conference call to connect multiple locations.

System Requirements for Webcasts

Windows Requirements: For best results, it is recommended that Windows users have Microsoft Windows 2003, XP, Vista or 2008, and use Internet Explorer version 7.0 or later, Firefox 2.0 or later, or Google Chrome 1.0 or later. Your Windows computer comes with Windows Media Player pre-installed, and you should confirm that your version is 9.0 or later. If you’re using Microsoft’s Silverlight Players, version 3.0 or later is preferred. You may download the most current versions of Internet Explorer, Windows Media Player and Silverlight Player for free at www.microsoft.com.

Internet Requirements: Webcasts will look and sound best when viewed over a broadband Internet connection of 300kbps or greater sustained bandwidth. You can confirm your available bandwidth by running the bandwidth test available at www.speedtest.net.

Firewall Requirements: Some corporate network administrators block streaming media at the network firewall. If you are unable to view streaming video, you may need to notify your

network/IT administrator that you wish to participate in a webcast. Please advise them that the following firewall ports need to be opened in support of proper webcast viewing: TCP/80, TCP/1755, UDP/1755, TCP/554, and UDP/554.

Getting Help: If you encounter problems during testing:

- First consult with your onsite technical staff to ensure that all system requirements have been met.
- If you encounter issues that are not caused by software or network configuration issues at your location,
 - **BEFORE JUNE 27:** Send an email to Amanda Sheil (asheil@rti.org) or Allison Hill (allison.hill@ed.gov).
 - **JUNE 27–28:** Send an email to QuestionsForOVAE@ed.gov.

Thank you for participating in the 2013 Virtual Data Quality Institute!
