

# DATA QUALITY INSTITUTE

*Building State Capacity for Reporting Perkins Data*

## State Team Meeting Discussion Tool

### **What CTE research and evaluation do you do at the state and local levels?**

1. What research and evaluation projects are you conducting or planning?
2. How involved is your state in designing local program evaluations?
3. What do local programs report and how does the state use that information?

### **What does your state do well in terms of CTE research and evaluation?**

1. Did any of the information from the DQI sessions change how you think about your strengths?
2. How did you get to where you are now?
3. What could other states adapt from the work your state has been doing?

### **Are there gaps in your research or evaluation strategies that you would like to address?**

1. Did any of the information from the DQI sessions change how you think about gaps?
2. What are the gaps?
3. How will you start tackling them?
4. What challenges do you face?

### **Where will you go from here?**

1. What steps will your state take to build, refine, or grow your CTE research and evaluation strategies?
